Sergio Mattei Díaz.

A BIT ABOUT ME

My passions are business and computers, and they happen to converge pretty well! Through a **customer-centric and lean entrepreneurial approach**, I aspire to make your product **the best it can be**.

WHAT I'VE WORKED ON

Cowork, Puerto Rico – *Founder*

DEC 2019 – PRESENT

- I founded Cowork, a startup focused on creating tools for the remote software workplace, currently in a pivoting stage.
- Cowork was accepted in Guayacan's I-Corps Cohort 7, and I received extensive training on the Lean Startup methodology + customer discovery.

Makerlog, Puerto Rico – *Founder*

JULY 2018 – PRESENT

- Makerlog is a community of entrepreneurs and creators shipping products together. I've fostered an engaging and inclusive environment for software-oriented entrepreneurs from all around the world.
- It has amassed over 4,000 creators and is growing rapidly, gaining multiple awards along the way.

Taleship – *Founder*

AUG 2016 – APR 2018

- Taleship was a social writing app.
- Microsoft Imagine Cup 2017 World Finalist and competed with software development teams around the world.

ACHIEVEMENTS

Microsoft Imagine Cup World Finalist
